

Mix & Match Quilting

by Anita Goodesign

Full
Collection

This collection is completely different from any collection we have ever created at Anita Goodesign. We are combining quilt blocks with grosgrain ribbon to create woven quilt blocks. There are 24 different designs and they all contain unique weaving patterns, some of the blocks even have applique flowers included as well. We used a unique system of placement stitches for the ribbon so that multiple blocks line up with ease. All of the blocks use the same size ribbon 7/8", this is the most common size and you are not limited to grosgrain ribbon, any 7/8" ribbon will do.

Ribbon Quilt

This collection was designed to be compatible with all
