

Mix & Match Quilting

Full
Collection

by Anita Goodesign™

We had so much fun designing our Halloween Mirror blocks collection that we immediately went to work on a Christmas version. We called this collection Christmas Mirrored Blocks for a reason, each block is split down the middle and combines two unique fabrics for amazing results. Each of the blocks combine folded fabric techniques with standard applique. Both of the appliques are outlined with split satin stitches and finished of with a running stitch down the center of the satin stitch. The end result is stunning. Complete instructions for this technique are shown in the included tutorial.

Christmas Mirror Blocks

This collection was designed to be compatible with all
Anita Goodesign Mix & Match Collections.

22 different designs in 4 sizes each (7.8", 6.8", 5.8", and 4.8").

Each block is split down the middle and combines two unique fabrics for amazing results!
