

### Full Collection/ 39 Designs

More “backyard bird watching” has inspired another great collection named “blue-jays”! There are 39 designs in this collection and you will not believe how “life like” these birds really look when embroidered! There are many different bird designs to choose from and beautiful groupings of flowers, birdcages and even a birdbath to complete that perfect design on a pillow or even a shirt. The collection also includes running stitch designs in the floral motif. These birds are sassy and display their colors and markings just like the ones in your very own backyard! As you can see from our samples...once again these embroidery designs can be applied to fashion clothing or any home décor! We hope you enjoy this collection as much as we have enjoyed designing it!
