

# Produce Party

12 Designs in 2 Sizes  
24 Designs Total

Mini Collection

*12 unique  
designs.  
Each design comes  
in two sizes.*

We were talking about new ideas in our studio one day and our new artist Rachel suggested "How about dancing fruit with arms, mouths, but with no eyes" I thought it was a little odd, but then she painted an example and they turned out really cute. Each of the fruit and vegetables has character and you will love them. There are 12 different designs in this collection and each design comes in 2 sizes. These designs would look great in any kitchen! You can purchase pre-made tea towels or create your own. There is a tutorial on the CD-Rom that will demonstrate how to create standard tea towels. You can make a tea towel out of linen or good quality cotton. For this collection we used white cotton. For an added touch we added ribbon and other trims shown in our sample tea towels.
