Monograms have always been that extra special touch to any hand-made gift. These Vintage Monograms allow you to personalize any gift whether it is a pillowcase for that special house guest or a set of towels for the newly-weds. You can create single, double or triple letter monograms, as these beautiful letters allow multiple combinations. This pillowcase is a fast and easy turn-a-tube method that finishes off all of the seams, no more raw seam allowances or frayed fabric!
