

Full Collection/ 42 Designs

For all you “backyard bird watchers” we have created a beautiful collection named “Swallows”. There is a combination of detailed designs of birds in perched poses with sprays of flowers and vegetation to enhanced your projects’ creative layouts. The digitizing is superb with shadows and highlights to make these tiny birds come to life. Just check out these samples! We have embroidered linen and denim shirts with flowers and an intricate birdcage design in addition to a grouping of flowers with a swallow draped down the front of the shirts. Then we embroidered a simple, long sleeve t-shirt and couldn’t believe the impact this design made to such a simple shirt.

We have also created a gorgeous pillow with these designs because this collection is perfect for fashion clothing and... home decor. Just think of all the possibilities! So, get out your binoculars, relax, and do a little bird watching and then a little embroidering today!
