Designer's Gallery Software

Supplies:

Baby Lock Ellisimo Gold II or other machine with embroidery edit function
Assortment of felt squares
Assortment of embroidery thread
All-purpose thread
Temporary spray adhesive
Tear away stabilizer
Scissors
Pinking or scallop shears-optional
Lolli-pops

Instructions:

1. Using embroidery edit select the Frame patterns button. From the frame selection, choose the heart frame then the scallop pattern.
2. Press the size button and size this to fit inside the 100mm x 100mm hoop.
3. Press Close and then End Edit. Press the Frame patterns button and select the heart frame once more along with the flower vine stitch and press Set.
4. Press the size button and reduce this heart to fit inside the first heart. Press Close and End Edit.
5. Select the Alphabet patterns button and select the desired letter style. Type the letter "B" and select the small size, then type "e". Press Set and End Edit.
6. Follow these steps to enter the word "Mine"

7. Hoop a piece of tear away stabilizer in the 100mm x 100mm hoop. Spray with temporary spray adhesive and place felt square on top.
8. Stitch the first frame design. Place a second piece of felt in a contrasting color on top and stitch the second frame.
9. Continue to stitch the phrase. Remove the felt from the hoop tearing away the excess stabilizer.
10. Trim around the outside edge of the heart shape with regular or pinking shears.
11. Lay the heart shape on top of a piece of felt, wrong side down and free-form stitch around the inside edge of the heart, leaving an opening at the bottom of the heart to make a pocket.
12. Using regular scissors, trim around the outside edge of the pocket so it can't be seen from the front of the lolly-cover.
13. Insert your lolly-pop and surprise your friend or sweetheart.

Mix it up, play with the frames and the stitch selection to make one of these for all your special valentines!
