Light as a Feather Design

The image below is a 100% size template for the Light As a Feather design. You can use it to place this design precisely where you want it on your garment or other item. Just print this page and cut out around the image. Place it in your hoop at the desired location and center your needle over the cross-hair where all of the lines intersect.

Information about this Design:

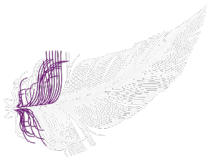

This artful design illustrates the power of the most elemental of all stitch types - the run stitch. The placement and length of the stitches are designed to recreate the light-as-air feeling associated with a feather floating on the breeze.

The specific Exquisite Poly 40 thread color numbers and names are provided on the following page, which also shows the segments stitched in each color. Use these colors to get the result you see in the image of this design. Note that the color families used in this feather includes five of the seven color families in the rainbow: red, orange, yellow, green, blue, indigo, violet. That's why these seemingly unrelated colors create such a pleasing combination.
