

Charm Pack Quilt Blocks

Quilting Collection

15 designs for the 4"x 4" hoop.

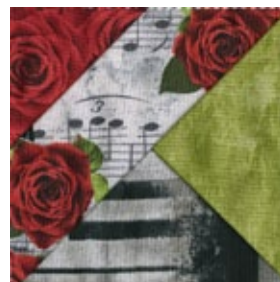

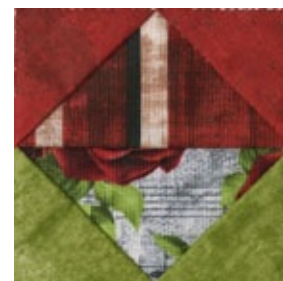

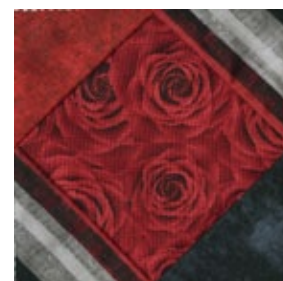

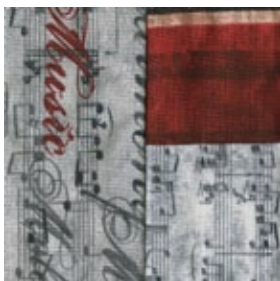

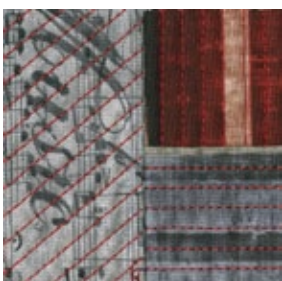

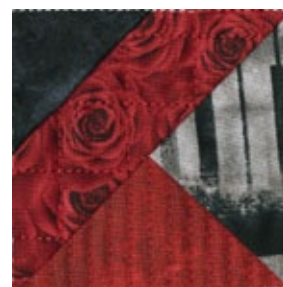

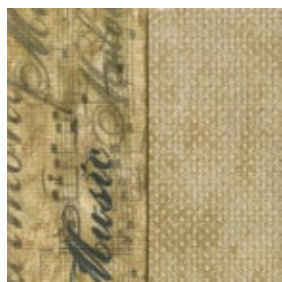

If you are like me whenever you go into a fabric store you are overwhelmed by choices, especially of a new fabric shipment just came in. I seem to always want what's new. No matter when I fabric shop I always seem to wind up with a handful of charm packs. I use them for color ideas and inspiration. Charm packs are usually less than \$10.00 and have up to 42 pieces of 5"x 5" fabric. The fabric swatches represent the entire fabric line by a specific artist or designer. Now I have created a collection to use these charm packs. There are 15 different quilt blocks that all use the charm pack swatches. If you have ever been frustrated by traditional piecing fear no more. All of the piecing for the quilt blocks in this collection is done in your embroidery hoop. The quilting possibilities are endless. You simply place the fabric down, stitch a folding line, fold the fabric and stitch it in place! They are that easy to create. The included tutorial will show you ways to repeat and rotate each block to create a complete quilt with every design.
