

Big Butterflies

Full Collection

12 Multi-Hoop Designs

The finished size is 10" x 12".
you will need a hoop that can
embroider a 6" x 10" design to
use this collection.

Since there are so many butterfly collections out there we decided to do something completely different with our "Big Butterflies" collection. We decided to make them giant! Each butterfly consists of 3 different hoopings resulting in a butterfly that is 10" high by over 12" wide. They are the perfect size to embroider on a pillow, wall hanging, tote bag or event the back of a shirt or jacket. Each large butterfly consists of 3 different elements, don't worry we include a complete tutorial on creating the projects. There are 12 different big butterflies and each has a different theme. The themes range from a lace like Victorian butterfly to a modern butterfly created with leather! We are sure you will love our different spin on the classic butterfly design.

Big Butterflies
