

Butterfly Quilt

120 Designs Total

20 Motif Designs in 3 sizes

20 Redwork Designs in 3 sizes

Quilting
Collection

Butterfly Quilt contains two different types of designs. The first type is a traditional Redwork design in 3 different sizes, so no matter what type of machine you have or what size block you want to create you will have the perfect design. The second type of design is the Redwork Design framed by beautiful motif stitches. By stitching the design with a layer of batting between two layers of fabric you can create a unique puffy quilt. The motif designs come in three different sizes. We created two different projects, one with each type of design.
