

Folded Fabric Quilt Labels

15 Themes

Mini Collection

As you know, we create a lot of quilts at Anita Goodesign and now we are creating a collection of Quilt Labels for the back of your quilts. After you create your beautiful quilt you need to add your name to the back on a beautiful label so future generations will always know who created it. There are 15 different labels in this collection and they all feature the folded fabric technique. All of the designs are for the 5"x7" hoop.

Anita Goodesign™

Folded Fabric Quilt Labels

15 designs total - Each label is 6.3"x 4.75".

Note: Not all designs shown

Once the label is complete all you need to do is write your name in the provided space with a fabric marker. You can also use your software and add your name using a font. When you are finished you can either hand stitch or machine stitch the label to the back of your quilt.
