9 block Tile Scene  
in three sizes

Full Collection

Our most popular tile scene ever was Santa's Ride that we created a few years ago. We've had numerous requests for additional Santa scenes so we created a classic scene of Santa on the night before Christmas delivering gifts under the Christmas tree. We wanted to create a real window scene for this one so we modeled the blocks after a classic window pattern. This collection has 9 rectangular blocks instead of the usual square blocks, this means less embroidering and sewing with the same wonderful end result! This is a 9 block tile scene that comes in three different sizes, a small size for the 5"x7" hoop a medium size for the 6"x10" hoop and a large size for the 7"x12" hoop.
