

Tiger Tile Scene

9 block Tile Scene
in three sizes

Full Collection

Tigers are the largest members of the cat family and are renowned for their power and strength. Imagine walking up on this beautiful creature in the jungle! Well here is your chance to embroider this amazing cat. The tiger image is a 9-block scene that comes in three sizes. It is easy to embroider and very easy to sew the blocks together. The tiger is so striking when completed it looks just like a photograph. We only used four colors of silk fabric in green, orange, brown and white. Then we used black silk for the border and edged it in a black and white cotton print fabric. You are going to love this great Tiger Tile Scene!
