

Vintage Collection

When we were doing research for new collections we stumbled upon an old sewing catalog from the 1920's and in the catalog were dozens of patterns for lacy style butterflies. We were inspired by these designs and gave the concept to our artists to create these beautiful antique butterflies. There are 12 different butterflies and each butterfly comes in 3 different sizes. There are also 13 different frames that look great when they are combined with the butterflies to create larger arrangements. In addition to these designs we are including a quilt block that we used to create our project.

Antique Butterflies 52 Designs

Antique Butterflies

Note: Not all designs in collection shown here.

Includes a quilt block design in 5", 6", and 7" sizes.
