

Bible Stories

24 Designs

Baby Collection

We created a beautiful quilt using the bible story designs. We used pattern one from the tutorial. We embroidered each of the designs on the light blue flannel and then applied them to the brown marble background using ric-rac and ribbon. This technique gives the baby quilt a unique look! There is an additional baby tutorial located in the tutorials folder of the CD-Rom that illustrate this technique as well as other baby quilt techniques.
