

154 Designs

Quilters Paradise

Full Collection

Quilters Paradise is a huge collection with over 150 designs to enhance any quilt. They can be used in many different ways such as standard embroidery by hooping and sewing the top fabric only. You can also embroider the top, the batting and your quilt back, all in the same hooping. You can even use these on quilts you've already completed, simply by using some sticky dissolve away stabilizer. Happy quilting!
