Fabric Cutting Tips for a 6" finished Crazy Quilt block:

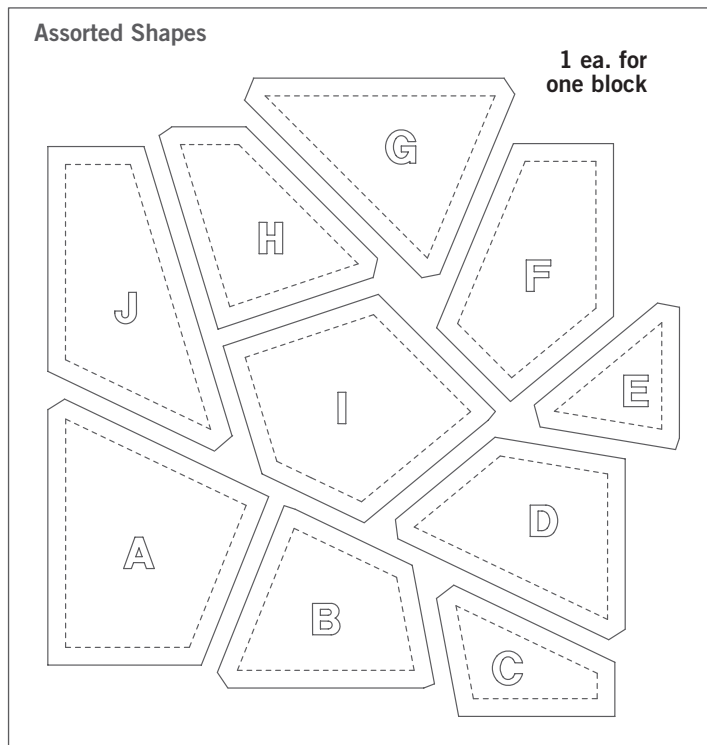

Place fabric over shapes then run through the cutter:

For best cutting results, position fabric on the lengthwise grain (straight of grain) as it goes under the roller. The die is specially designed to cut ten, 10-color, 6" blocks in two passes through the cutter (no more than 5 layers recommended for each pass).

- **TIP:** To create a scrappy Crazy Quilt Block: Use at least 10 assorted prints. Cut five layers of fabric for the first pass through the cutter and then cut five layers for the second pass through the cutter.
- Cut 10, 9½" x 9½" squares (or use 10" x 10" precut Layer Cake squares). Place on selected blade and cut in two passes through the cutter. One yard of 40" wide fabric cuts 12 complete Crazy Quilt Blocks.
