Fabric Cutting Tips for a 2-color, 14" finished Bear's Paw block:

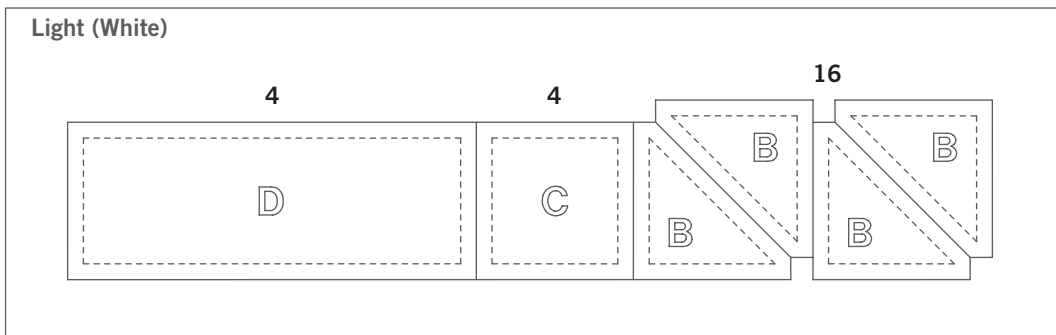

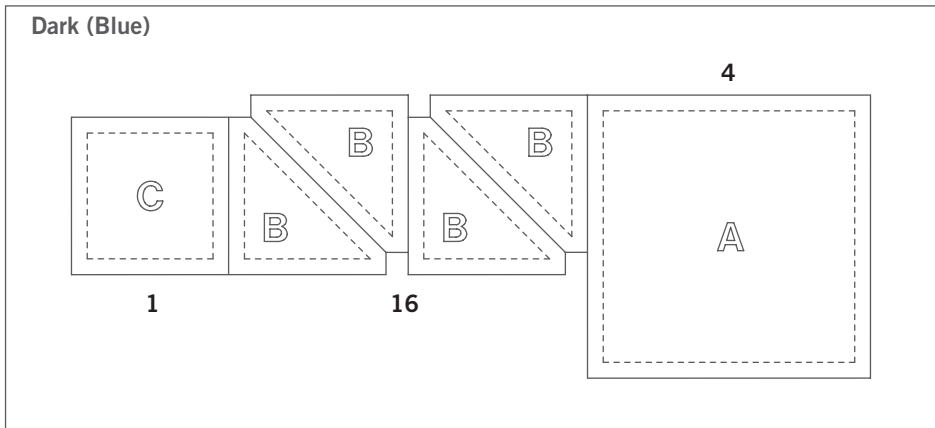

Place fabric over shapes then run through the cutter:

Note: Bear's Paw is a Block on Board® (BOB®) die which means it's specially designed to cut one complete 2-color, 14" block in two passes through the cutter.

For best cutting results, position fabric on the lengthwise grain (straight of grain) as it goes under the roller. For 2-color block, cut 4 layers of 1 fabric color in one pass through the cutter, then cut 4 layers of a contrasting color in a second pass.

- **Fabric Color 1:** Cut one 10¾" x width of fabric (WOF) strips. Fanfold four layers into 5" widths. Sub cut four A shapes and 16 B shapes. Cut one 3" x 3" square. Sub cut into one C shape.

- **Fabric Color 2:** Cut one 15¼" x width of fabric (WOF) strips. Fanfold four layers into 3¼" widths. Sub cut 16 B shapes, four C shapes and four D shapes.
