## Fabric Cutting Tips for a 2-color, 8" finished Winding Ways block:

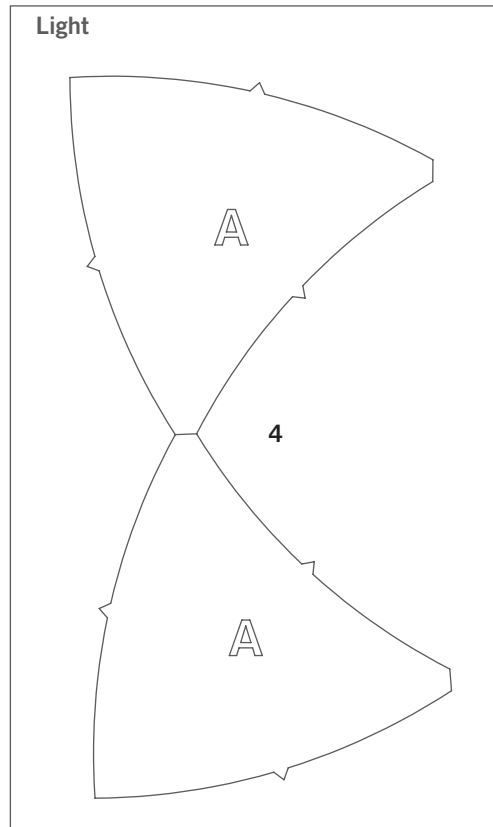

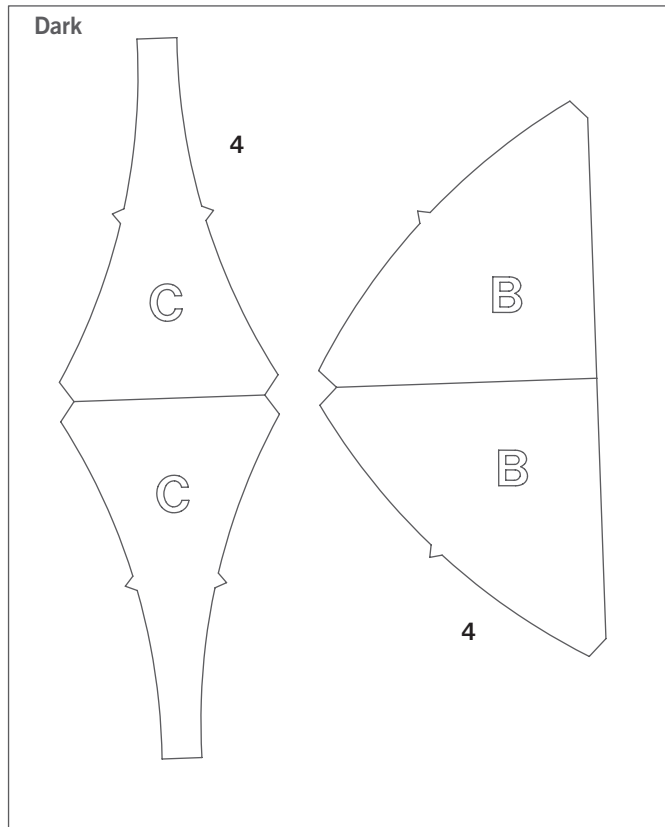

**Place fabric over shapes then run through the cutter:**

*For best cutting results, position fabric on the lengthwise grain (straight of grain) as it goes under the roller. Cover the six shapes on the die with two layers of one fabric color and two layers of a contrasting fabric color to cut two, 2-color blocks in one pass thru the cutter.*

- **Shape A:** Cut a 5" strip across the width of fabric. Fanfold into 5" widths. Place on selected blade and cut. Cut eight Shape A's across the width of fabric. One yard of 40" wide fabric cuts 56 Shape A's.
- **Shape B:** Cut a 4" strip across the width of fabric. Fanfold into 4" widths. Place on selected blade and cut. Cut 10 Shape B's across the width of fabric. One yard of 40" wide fabric cuts 90 Shape B's.
- **Shape C:** Cut a 3¼" strip across the width of fabric. Fanfold into 5" widths. Place on selected blade and cut. Cut eight Shape C's across the width of fabric. One yard of 40" wide fabric cuts 88 Shape C's.
