### Fabric Cutting Tips for a 4-color, 12" finished Ohio Star block:

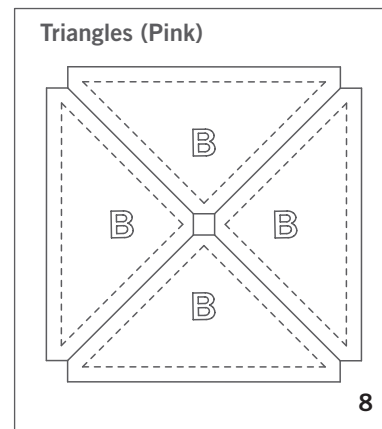

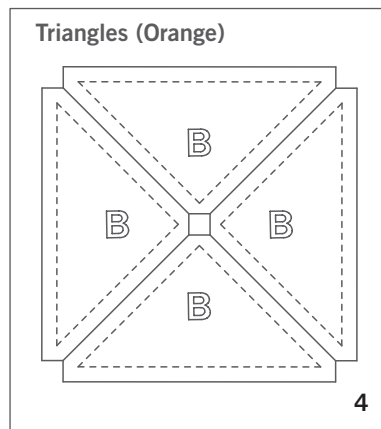

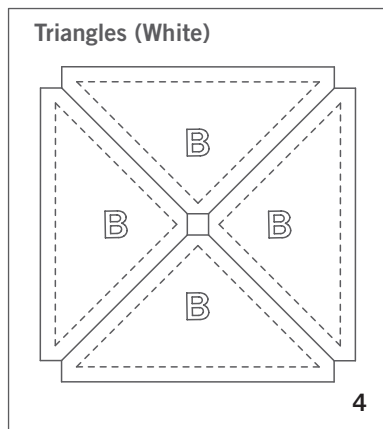

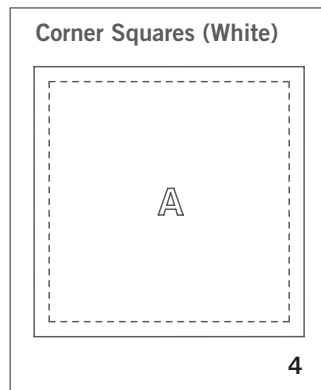

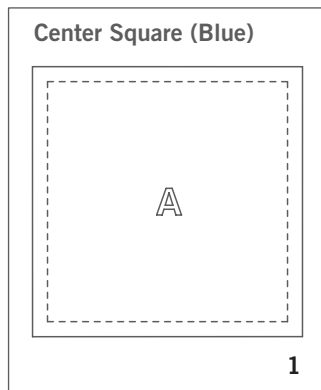

#### Place fabric over shapes then run through the cutter:

For best cutting results, position fabric on the lengthwise grain (straight of grain) as it goes under the roller. For 4-color block, cut four squares from background fabric, one square from print fabric, eight quarter square triangles from print fabric and eight quarter square triangles from background fabric.

- Squares: Cut 5" strips across the width of the fabric. Fanfold into 5" widths. Place on selected blade and cut. Cut eight squares across the width of fabric. One yard of 40" wide fabric cuts 56 squares.
- Quarter Square Triangles: Cut 5¾" strips across the width of fabric. Fanfold into 5¾" widths. Place on selected blade and cut. Cut 24 quarter square triangles across the width of fabric. One yard of 40" wide fabric cuts 144 quarter square triangles.
