# PIECING AT ITS BEST

## Special Quilts Need a Special Edition.

With the new B 735 PATCHWORK EDITION and its exclusive red faceplate design, we offer a stylish and powerful Special Edition which makes quilters' hearts beat faster.

The 5.5 mm stitch width is perfect for all patchwork projects where you need precise piecing of smaller fabric pieces. A wide range of stitches, including many quilting stitches as well as great functions, such as the Triple Stitch, allow you to sew bold seams and decorative stitches while patchworking.

The B 735 PE comes with the exclusive BERNINA Walking Foot #50 in matching red as well as the Patchwork Foot #37. In addition, a beautiful Special Edition dust cover is included as part of the standard accessories.

## 1 TOTAL STITCH CONTROL

The B 735 PE provides an exclusive level of stitch control. Whether you are altering stitch length, stitch width or needle position, the machine will remember the details for you. Your personal settings can be saved and retrieved.

## 2 RED BERNINA WALKING FOOT #50

The Walking Foot #50 excels at working with challenging fabrics and patterns. Especially well suited to machine piecing and quilting and for sewing "sticky" materials, this foot makes it easy and convenient to quilt straight lines. It also helps you to match stripes and plaids by preventing the fabrics that are being stitched together from shifting. Three soles are included: a standard sole, a special quilting sole, and a sole with a central guide for edgestitching and stitching in the ditch. In addition, its two seam guides help you sew accurately.

## 3 BERNINA PATCHWORK FOOT #37

Enjoy the ease of piecing with Patchwork Foot #37 — your specialist when it comes to patchwork and precise stitching. Designed for straight-stitching, the Patchwork Foot is ideal for sewing 1/4" or 1/8" (approx. 3 or 6 mm) seam allowances. In addition, it features three evenly spaced markings (1/4" apart) on its side that make the square insertion of pieces in patchworking easier. A narrow groove under the flat sole serves as a thread channel for smoother piecing.

## 4 SEW WITH EVEN GREATER EASE

The B 735 PE accomplishes many tasks all by itself. Needle threading is simple with the semi-automatic needle threader and the presser foot lowers automatically at the beginning of a seam. The thread is cut automatically when you reach the end of a seam, or when you wish to change colors. Moreover, a practical extension table, which increases your work area, is included in the standard package.

## 5 BERNINA STITCH REGULATOR (BSR)

The B 735 PE is equipped with the BSR functionality. The optional BSR foot (not included) assists you with free-motion sewing and quilting with a straight or zigzag stitch, ensuring stitches of the exact same length even at variable sewing speeds. Whenever you are ready you can easily upgrade your B 735 PE with the BSR foot as an additional accessory at any time.
