

PERFECT ADDITION TO ANY SEWING ROOM

Affordable, Yet Professional, Embroidery

- **Optimizing Embroidery**

The 5" x 7" embroidery area is ideal for any of the 193 built-in embroidery designs and 13 embroidery fonts.

- **Compatible with iBroinery**

Browse over 5,000 embroidery designs on the Brother iBroinery platform and choose from various categories, such as Marvel, Star Wars, and Disney.

- **Design Database Transfer**

When connected to a wireless network, transfer embroidery designs from your PC to your machine with the free downloadable software Design Database Transfer¹ (no USB required) for easy data management and easy data transfer for all your designs. You can also create and send designs through PE-DESIGN 11² for even more flexibility.

- **Artspira Mobile App¹ - Available Fall 2022**

Download designs or make your own embroidery designs by drawing on your mobile device. Draw line-art inspired designs up to 5" x 7". View your completed drawing on the Stitch Simulator so you can see how your design will look when stitched out. The Artspira mobile app lets you share your creations on many social media platforms as well.

- **Advanced Color Sort and Jump Stitch Trimming**

Advanced Color Sort adjusts the order in which multi-color embroidery designs are stitched, reducing color changes and making it more efficient. The practical Jump Stitch Trimming function automatically trims any excess thread jumps within the color.

- **Generous Workspace**

Space for all your project needs with a generous 5" x 7" maximum embroidery area, 7.4" from needle to arm, a 3.7" LCD display, and compatibility with the 4" x 7" Brother magnetic frame².

- **LCD Display**

See your designs on the sharp 3.7" LCD display, which allows for easy on-screen editing, including letter editing enhanced zoom, resizing, rotating, repositioning, and combining designs.

- **Stitches Per Minute**

Embroider designs at up to 650 stitches per minute. Create more works of art in less time!
