Winter Tree Design

The image below is a 100% size template for the Winter Tree design. You can use it to place this design precisely where you want it on your garment or other item. Just print this page and cut out around the image. Place it in your hoop at the desired location and center your needle over the crosshair where all of the lines intersect.

Information about this design:

This exquisitely detailed artistic rendition of a tree in winter was created especially with Exquisite Fine Line 60 Wt. Poly thread in mind. When you stitch this tree in the colors recommended on the following page, you will get a result like you see in the photo.

You may also stitch the tree in Exquisite Poly 40 thread, which will result in a bolder appearance because of the thicker thread. Color numbers and names are the same for Exquisite Fine Line 60 Wt. and Exquisite Poly 40. Fine Line colors have a letter "T" prefix and Exquisite Poly 40 has "ES" prefix on the label.
