Information about this Design:

Rainbow Hearts has been created using blended fill stitches, giving the resulting design incredible depth and dimension. This technique uses multiple similar shades within a color family to give a graduated color effect. In this artistic design, three carefully selected shades of the each color family are used.

The specific Exquisite Poly 40 thread color numbers and names are provided on the following page, which also shows the segments stitched in each color. Use these colors to get a pleasing result that demonstrates the effectiveness of the gradient fill technique. If you have or acquire each of the colors on the following page in your thread library, you will be able to accomplish beautiful, subtle blending on this and many other designs.
