Skew to a Block using Skew 2

Make a design fit nicely into an irregularly shaped block on your quilt by creating the area using multiple Multi Points.

1. Select Design

- Select **File** tab.
- Press **Design.**
- Press **Open.**
- Select **Designs/HQ Designs/Blocks/Crosshatch Square**

2. Create an Area

- Select **Area tab.**
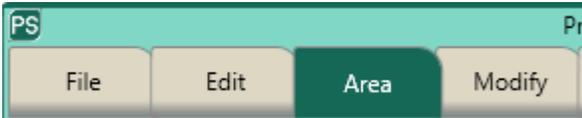

- Move machine to top left corner of the quilt block.
- Press **Multi-Point.**
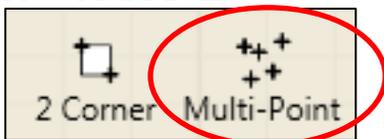

- Continue moving the machine and pressing **Multi-Point** every inch or two along the seam lines to define the irregular block. This area has 16 points around the block.
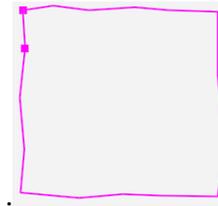

- The area now appears as a pink box.
- Press **Refresh** in the status bar. The area, design and crosshairs will be visible in the workspace.
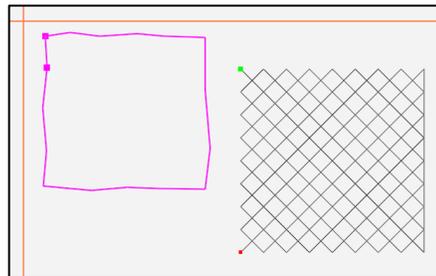

3. Skew to the Area.

- Select **Modify** tab.

- Press **Skew.**
- Press **Skew 2** in the sidebar on the right side of the screen.

- The design will resize, skew and reposition within the area box.
