# Handi Quilter®

Designed by a Quilter, for Quilters.

Triangles using Left and Top Align

Create a three point right angle triangle area, position and resize triangle designs using the Alignment tools.

## 1. Select Design

- Select **File** tab.

- Press **Design.**

- Press **Open.**
- Select **Designs/HQ Designs/Triangles/Feather Triangle 1**
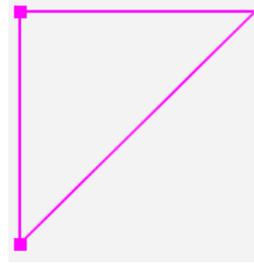

## 2. Create an Area

- Select **Area tab.**

- Move machine to a corner of the triangle on the quilt.
- Press **Multi-Point.**

- Continue moving the machine and pressing **Multi-Point** at the other two corners of the triangle quilt block.
There should be three points for the area.

.
- The area now appears as a pink triangle.
- Press **Refresh** in the status bar at the bottom of the screen. The area, design and crosshairs will be visible in the workspace.
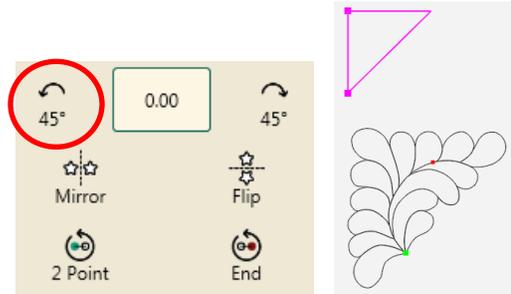

3. Rotate Design

- Select **Modify** tab.

- Press **Rotate.**
- Press 45° counterclockwise in the sidebar on the right side of the screen to orient the design to the area.
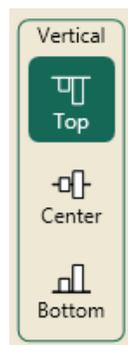

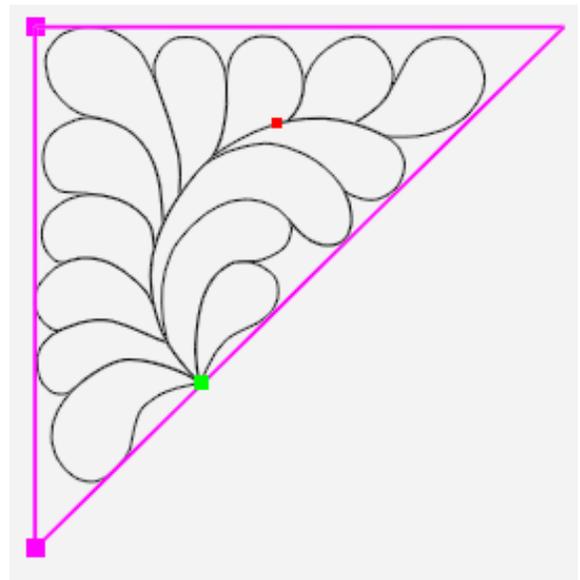

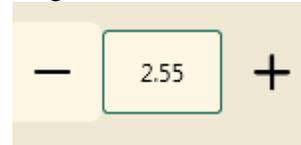

4. Align Design

- Select **Modify** tab.

- Press **Align** in the ribbon.
- Press **Horizontal Left** and **Vertical Top.**

- The feather triangle design is now aligned to the left side and top of the area.

5. Resize to Fit Area

- Press **Resize** in the ribbon of the **Modify** tab.
- Press **Lock** in the sidebar. This resizes the width and height proportionally.

- Press the minus button to reduce the size of the design to fit within the area triangle.

Hint: you may need to turn off the Lock button and resize the horizontal and vertical aspects individually.
