Frequently Asked Questions

Product Questions

How do I know if my sewing machine will fit in a Koala cabinet?

Measure the base of your machine to determine if it fits in the cabinet opening (see below.)
Note - it's also important for your machine to be positioned correctly when you are sitting in front of the needle (adequate space to the left of the needle in the sitting area below the top surface.)

Quilter's Vision Opening Size 24-1/4" x 12-5/8"

Eclipse Opening Size 24-1/4" x 12-5/8"

Compact Opening Size 18-7/8" x 11-1/4"

What is the recommended weight limit for Koala lifts?

Koala lifts can support machines weighing up to 35 pounds.

At how many levels can the hydraulic lift be locked?

Koala hydraulic lifts can be locked in three positions for flatbed sewing, free arm/embroidery, or storage.

How does the Koala lift work?

There is a black adjustment knob below the machine lift platform on the lift column that raises and lowers the machine to bring it level with the top cabinet surface. If the lift does not move, it is locked and can be loosened by turning the knob counter-clockwise. [Click here](#) for more information.

What material is used to make Koala cabinets?

Koala cabinets are made from fiberboard composed of wood and other plant fiber compressed into boards. The fiberboards are finished with a high quality vinyl veneer that is mar-resistant and moisture resistant.

How much does the Koala Quilter's Vision weigh?

The Quilter's Vision cabinet weighs 155 pounds, and the caddie weighs 80 pounds, for a combined weight of 235 pounds.

How much does the Koala Eclipse weigh?

The Koala Eclipse weighs 163 pounds.

How much does the Koala Cutting Table weigh?

The Koala Cutting Table weighs 220 pounds.

How much does the Koala Compact Weigh?

The Koala Compact weighs 82 pounds.

Can Koala cabinet drawers be removed?

We do not recommend removing the drawers as it can cause the drawer tracking system to become disengaged.

Do you offer replacement parts?

There is a limited selection of replacement parts available. Please contact your Koala retailer, who can order those parts for you.

What is the recommended weight limit for the back and side leaf extensions?

The max weight limit for the back leaf extension is 110lbs (50kg).

The max weight limit for the right and left leaf extensions is 55lbs (25kg) on each side.
