for a **professional result**

LAURASTAR S4^E

LAURASTAR[®]
You deserve the best.

LAURASTAR expertise at your service

The Swiss company LAURASTAR invented the system of professional ironing for private use in 1986. Since then, almost 2 million users in over 40 countries worldwide have enjoyed quality ironing on a daily basis.

Two decades later, LAURASTAR has become the benchmark for innovative, high-quality ironing systems. LAURASTAR views this position of world leader as a responsibility which you, the consumer of our appliances, confer on us.

Every day, the LAURASTAR engineers, designers and employees work towards improving products and services so that we live up to our promise of making life easier for you in your everyday tasks, thus leaving you more time to spend with your family and friends or for your leisure pursuits.

LAURASTAR S4^E
the active ironing board
for a professional result

REVERSE BUTTON

NEW – Button that allows you to change the direction of the fan by simply pressing it, to gain in efficiency.

DOUBLE VOLUME

Double volume of extra fine steam, for a lasting result leaving no damp traces.

CONSTANT PRESSURE

A constant pressure of 50 psi produces 211 quart of steam volume per minute – the result is professional ironing quality.

EASY FOLDING – PATENTED

Foldable board with six height-adjustment settings for all ironing requirements.

PERMANENT IRONING

Removable 1.3 quart reservoir – uninterrupted ironing without waiting.

MAGiic™ – ACTIVE TABLE

Silent blower and vacuum from the 2-speed board for cold, crease-free ironing.

SAFETY BOX

Iron safety storage box, to keep the still warm iron well protected.

AQUA FILTER

NEW – Scale filter – ordinary water can be used and the iron's service life is extended.

FAST HEATING TIME

Super fast heating time in five minutes for immediate use.

COMPACT STORAGE

Easy-to-move system thanks to its two pairs of integrated wheels and its reduced size of 7.87 in when stored.

life is more beautiful with the LAURASTAR S4^E

NEW – By simply pressing the button you can change from blowing mode to suction mode and vice versa.

Ironing pleasure in half the time.

So user-friendly that anyone can use it, even your spouse.

It guarantees you a perfect look.

the 3 features of LAURASTAR PROFESSIONAL IRONING™

LAURASTAR active table – patented

The LAURASTAR active board incorporates a 2-speed, silent blower/vacuum system to prevent creases and seam marking more effectively. It also dries the ironed fabric immediately. This is the patented MAGiiC™ technology.

LAURASTAR professional steam – patented

The steam is diffused at a constant pressure which produces 211 quart of steam per minute, as recommended by ironing professionals. Heated once in the boiler, the steam is cooled and then reheated inside the iron: this is the unique LAURASTAR double volume steam.

LAURASTAR professional soleplate – patented

The LAURASTAR professional soleplate is designed for the following three steps in ironing: (a) heating, (b) smoothing and (c) cooling the fabric. The fibres are thus fixed in a single movement for a lasting result.
