

# 4100CJ

2.2L JEWELRY STEAM CLEANER WITH ECO MODE

Introducing the all new 4100CJ jewelry steam cleaner. To save space and incorporate a clean, "storefront ready" look, the steam activation is now done with a switch mounted on the side of the 4100CJ's body. No more foot pedal and cord to get in the way. A simple and elegant solution.

Eco-Mode will save you up to 33% in energy costs by reducing energy consumption when the boiler is not in use. Brilliant for your wallet and smart for the planet. The 4100CJ has an absolute capacity of 2.2L, uses our new external heating element system to optimize the amount of steam available to use, and has an operating pressure of 3.5 bar / 50 P.S.I. for maximum cleaning efficiency.

## SPECIFICATIONS

ELECTRICAL	120V / 10 Amps / 60Hz	
BOILER CAPACITY	0.58 GAL	2.2 L
WATER CAPACITY	0.5 GAL	1.9 L
OPERATING PRESSURE	Up to 50 PSI	3.5 BAR
