The EM-1010 is perfect for home embroidery on caps, flats, finished garments and more!

Each EM-1010 machine includes 4 hoops of different sizes, a cap driver, a cap ring and a hoop station to fulfill all embroidery needs.

Capable of embroidering caps, shirts, pants and much more!

Cap attachments included

Cap ring	(x2) Cap ring snaps into hoop station to prepare machine for cap embroidery
Hoop station	(x1) Hoop station provides stability for fast and easy cap hooping
Cap driver	(x1) Cap driver snaps into embroidery machine's bracket holder for hoops

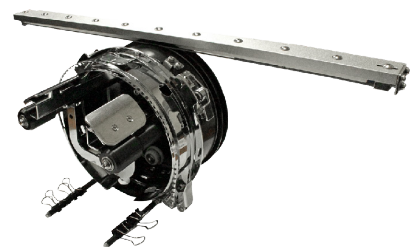

The EM-1010's 220-degree wide angle cap system allows users to embroider any cap with ease. All EM-1010s are suitable for cap embroidery and include the necessary cap attachments to get started.

Cap ring

Hoop station

Cap driver

Network capability ready

Flexible production system

Using advanced network technology, users can link together as many Ricoma EM-1010's as desired to create an extremely flexible production system. Embroider the same design on all of your machines at the same time or embroider different designs on individual machines simultaneously.

Startup package

Equipped with all the attachments to get started right away

Our latest technology, the EM-1010 home embroidery machine, is equipped with all the attachments to embroider on caps, flats, finished garments and more. Designed for embroidery beginners, veterans, hobbyists, crafters and home-based entrepreneurs, the EM-1010 has all the features to meet your embroidery needs.

Heavy duty steel stand
Each EM includes a heavy duty steel stand to support the machine. The stand's wheels assist with mobility and portability.

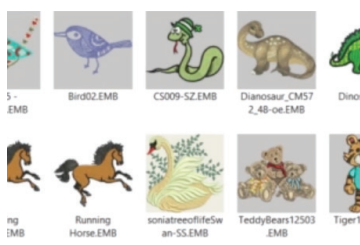

High Definition True Color 7" LCD Touch Screen + Panel
The modern touch screen interface and ergonomic panel allow for a user-friendly experience.

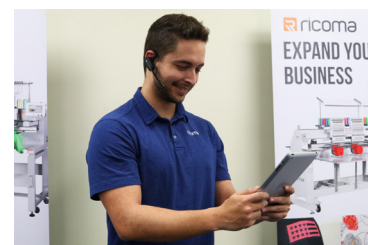

Hatch by Wilcom
Wilcom's digitizing software removes the intricacies of commercial software and provides creative tools for hobbyists instead.

Amann starter kit
Each starter kit comes with 20 spools of 100% polyester thread, two spools of metallic thread, a 144-piece box of pre-wound bobbins, two needles and four types of backing.

20,000 stock designs
Each machine comes with 20,000 digitized stock designs to get you started! Pair with Hatch by Wilcom to create one-of-a-kind designs!

Training and Support
Ricoma provides free hands-on training with the purchase of any embroidery machine. Our customer support is available 7 days a week and after hours.

*The above-mentioned items are included in the startup package only when purchased directly from our U.S. Headquarters - Ricoma International Corporation.

Additional features

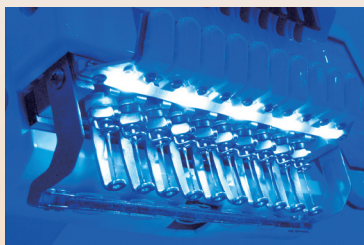

Broaden your possibilities and creativity!

Designed for embroidery beginners, veterans, hobbyists, crafters and home-based entrepreneurs: EM-1010 has all the features to meet your embroidery needs.

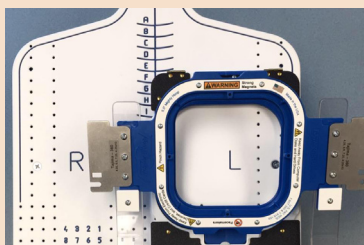

Lightweight and portable

The EM-1010 is completely portable and lightweight. At just 100 lbs and 22.5" x 22.5" you can take your EM-1010 everywhere.

LED lighting

Equipped with full spectrum LED lighting with low energy consumption, allowing you to work in low light settings.

HoopMaster (optional add-on)

The easiest to use embroidery hooping aid on the market, the HoopMaster is custom-made for your hoops, so there is no hardware to adjust.

Embroider like a pro at home!
