

BERNINA 830

Ode to Ireland Table Runner

Bernina 830 Endless Embroidery

Created by Nina McVeigh

The BERNINA 830's Endless Embroidery Function allows for endless design possibilities!

Create an elegant table runner using Endless Embroidery, Quilting-in-the-Hoop Embroidery Techniques and BSR Free Motion Quilting.

Supplies

Fabric & Notions

- 1 yd Fabric - Top & Binding
Sample: *Radiance*, a 55% cotton & 45% silk blend.
- ½ yd Fabric - Backing
- ½ yd Batting
- Isacord Embroidery Thread to match fabric
- YLI Silk Thread to match fabric
- Water Soluble Marker
- 505 Temporary Spray Adhesive
- Fancy Frame Ruler by June Taylor

Machine and Accessories

- Bernina 830
- Jumbo Embroidery Hoop
- Embroidery Foot #26
- BSR Bernina Stitch Regulator
- Dual Feed Patchwork Foot #37D

Embroidery Design

- Basic Design found on the BERNINA 830>Embroidery>Diane Gaudynski Folder
Design #DG07 manipulated for Endless Embroidery
or
- Use the completed design included with this lesson on www.bernina.com.

Create the Endless Embroidery Design

- ♦ Create the design by accessing the Diane Gaudynski folder on the Bernina 830 machine. Select Design #DG07
- ♦ Choose the Jumbo Hoop from the Hoop Menu.
- ♦ Duplicate and Right/Left Mirror Image the design. Place the two designs directly across from each other so that they are just touching. (Don't worry if the designs are outside the boundaries of the hoop at this point.) With both designs selected, touch Move Motif icon to center them both. Rescale to 90%.
- ♦ Select Endless Embroidery and choose 2 Designs. They will be outside the hoop. Make sure that you have selected left and right reference points at both the top and bottom of the design. Confirm with the Green Check.
- ♦ Resize entire motif until it fits the hoop.
- ♦ Save the design.

Cut Fabric

- ♦ Cut the top fabric 17" x width of fabric.
- ♦ Cut the batting 17" x 45".
- ♦ Cut the backing fabric 18" x width of fabric.

Embroider the Design

- ♦ Mark the horizontal and vertical center of the top using a water soluble marker.
- ♦ Spray baste the backing, batting and top. Hoop all three layers in the Jumbo Hoop with the horizontal center of the runner in the bottom of the hoop.
- ♦ Open the design and position the design so that it is centered on the vertical center line and the bottom on the horizontal center line in the bottom of the hoop.
- ♦ Embroider design. Move hoop and embroider *one* design above the first design and *two* designs below the first design.

- ♦ Attach the Bernina Stitch Regulator to the machine. Stipple the background of the table runner.

- ♦ When finished, cut the edges of the runner with the Fancy Frame Ruler to get a scalloped edge.
- ♦ Cut binding strips 2 ¼" wide being sure to cut on the bias. Seam together for enough length to go around the runner.
- ♦ Using the Dual Feed Patchwork Foot #37D seam the binding to the runner with a ¼" seam. Turn to the back and hand stitch.
