Need a quick baby shower gift? Look no further!

Materials and Supplies

- Brother NV4000D or ULT2003D
- Pre-purchased set of plain pre-folded diapers
- Brother Embroidery Thread (Polyester or Cotton)
- Brother White Bobbin Thread
- Brother Embroidery Card
- Stabilizer
- Embroidery Needles

Instructions

1. Select Embroidery Edit.

2. Import Baby Face design, rotate design.

3. Touch the box that appears below. Now the baby's face will be duplicated!

4. Touch "End the Edit" Select one of the built-in fonts. Begin typing, "Twice the Fun" or "Double Trouble" Since you have selected the Large font size, you will get the "rotate the design" error message when you run out of horizontal space. Press the "90" rotation key at the lower right hand side. Continue until the phrase is finished.

5. Use the arrow keys to move the lettering to the desired location, to arc the lettering press the Array key and make adjustments.

Tip: If you get a message that does not allow for a change, return and use the arrow keys to move the text away from the edge of the embroidery, select Array again, make changes and when finished, use the arrow keys to move the text to the proper location.

6. End Edit. Select Sewing, Embroider.

7. Now you have a unique gift! Especially for multiples, those are hard gifts to find!
